KIWI is going “ga-ga” all over again. Our second annual green baby shower gift guide is stuffed with even more ideas than last year. This time around we found gifts for every type of mom and dad from diaper bags to books to crib sets. Whether the parents-to-be are trendy, classic, bohemian or sporty, we’ve uncovered over 75 items from eco-minded companies to prepare the expecting couple for providing a healthy environment for their growing child.
